ANNOUNCEMENTS

SUMMER Course Evaluations will begin JULY 5th.

Keeping with the University Calendar, we will be collecting data for the 8 week courses. If you are offering a non-traditional course (i.e. 3 day, 1 week) please be aware that they may not be evaluated.

I know the feedback you receive is important to you and it would be wonderful to increase the student response rate. So, please take a moment to send a personal email, post a Bb announcement, or make a class announcement on the importance of completing the Course Evaluation. I've included a suggested announcement that you can adapt for your use.

Suggested email or Bb announcement format on Course Evaluation:

Soon you will be asked to provide feedback about your experience in (name of course).
I value receiving your honest input.

Your feedback is anonymous, and identifying information is not associated with your responses.

The Course Evaluations will be available on-line July 5th. These take only ten to fifteen minutes to complete. You will have until July 17th to complete them. Your opinion matters!

We have made it as convenient as possible. Here's all you need to do:

- 1) Go to: <http://tinyurl.com/FHSUTigertracks>
- 2) Log in to Tiger Tracks
- 3) Click the Online Services tab at the top
- 4) Under Academics click End of Semester Evaluations
- 5) Fill out the forms with your candid, honest responses

There is a window of opportunity to provide us with feedback, so don't put it off!

Thank you for taking the time and helping us improve your educational experience.

Additional details regarding this process can found on the FHSU website by clicking [HERE](#).

All inquiries should be directed to the Center for Student Involvement at 785-628-4664 or at csi@fhsu.edu.

Mailroom requests assistance with mail distribution

Due to the changes/updates/moves throughout campus, the Mail Center would like to request that each department provide additional information when sending documentation through campus mail. Information that should be included on the envelope should be the recipient's first & last name and the department where they are located. If a building & room number is available, please include this as well.

Any information you can provide on the envelope is beneficial. This will ensure the document(s) you send are delivered to the proper department & employee within a timely manner.

Thank you!

Clara Dreiling, Mail Center

Honors Course Survey Results and Fall, 2017 Course Proposal Timeline

Dear Faculty Colleagues:

Each semester honors students are sent a survey that asks them to identify classes they would definitely take if offered as an honors class, even if the class fulfilled a degree requirement already satisfied. They are then asked to identify honors courses they'd take only if they needed the class to satisfy a degree requirement. We offer the results of this survey each semester so that faculty can use the information to determine if they would like to submit a proposal to teach an honors class at FHSU. Attached are the results of the spring, 2016 survey, [Honors Course Survey Results](#). The first list of classes includes all FHSU general education courses currently offered. The second list of classes comes from a database of popular honors classes offered at various campuses nationwide, as submitted by the National Collegiate Honors Council. If you would like to submit a proposal to teach an honors class at FHSU, you do not need to propose a class included on one of these lists- this is data is just provided as a point of departure.

The curriculum committee of the Honors College Steering Council has determined that **Friday, October 7** will be the deadline for honors course proposals for the coming fall semester. Course proposals selected this fall will be offered the following fall (fall, 2017). Please feel free to contact Dr. Gene Rice (grice@fhsu.edu), Josh Wasinger

(jlwasinger@fhsu.edu), or Matt Means (mmeans@fhsu.edu) for more information, if desired. The course proposal form can be found at http://www.fhsu.edu/honors/Resources_and_Forms/.
